Magic tiles 3 mod apk unlocked

With Magic Tiles 3 MOD APK (Unlimited Money/Lives), you won't have to spend money to buy a piano, but you can still play music yourself with many interesting challenges. The game table [Show/Hide] is provided by Amanotes, a talented young Startup of Vietnam. Founded in 2014, with the goal of bringing music to everyone, Magic Tiles 3 is the most popular music game with over 80 million downloads worldwide. If you love music but have difficulty in practice them, this game can help you play popular songs like a real artist. Playing your favorite songMagic Tiles 3 is an upgraded version of the previous two games so it's not much new. All you have to do is touch the black piano keys that are running to your screen while avoiding the white keys. Every time you play the black keys, the sound of music is created and so you master in playing sweet music. If you think this game is just that, then you're wrong, just once you miss a black key or press a white button, your song will end immediately. After each chorus, the speed of the song increases, requiring you to keep focus and reflexes fast. This is a music game so the core of the appeal of the game is based on music. If Magic Tiles 2 uses classical music with a single piano instrument, Magic Tiles 3 is much better. The game also connects to Facebook so you can log in and share your achievements with friends. Not only piano, you can also play many other instruments such as Trumpet, drums and even it combines many instruments together. Besides, the variety of music is carefully selected to make you feel more comfortable. 200 songs for you to explore. Moreover, modern music is updated regularly by the release. Each track has two requirements to unlock as your level and money. Do you want to be Richard Clayderman or Yiruma? Not only playing music, Magic Tiles 3 is also a game with many attractive features. You can participate in combat mode, where you show your musical talents to players all over the world. Alternatively, you can fight with friends or anyone you want in custom matches. In addition to matches, weekly tournaments help increase your competitiveness so you can get more attractive rewards. Something quite annoying in most free games is that the ads appear quite a lot. Besides, the gameplay of the game is not new, because the whole game is repetitive. But in each level, you can enjoy different songs with the speed and appearance of music keys that change constantly. When you play the game you need speed and accuracy, not any specific strategy. Solution: If you are bored with advertising, download Magic Tiles 3 MOD APK, which MOD VIP and remove ads, so you do not get annoyed in the game. In addition, the MOD version will include infinite diamonds and diamonds. Simple design In terms of graphics, I didn't expect much from this part as music games are often designed simply and focused on your musical experience. Simple and harmonious background color, harmony, discomfort to the player. MOD APK version of Magic Tiles 3MOD FeaturesUnlimited MoneyUnlimited LivesDownload Magic Tiles 3 MOD APK for androidPlaying music on mobile is not a bad idea if you can not afford to buy expensive instruments or your time is not enough to train the tools.
